Income is accrued every day but ROI withdrawal is monthly.

60% Fund Base	0.50% To 10% Daily ROI	30 Day Monthly Withdrawal cycle
------------------	------------------------------	--

### Worked example — \$500 pack

$\$500 \times 60\%$	\$300 Fund Base
$\$300 \times 3\%$	\$9 Daily ROI
Daily Accrual	Credited Each Day
Monthly Withdrawal	ROI Can Be Withdrawn Monthly

This slide shows the structure exactly as shared: daily accrual, monthly withdrawal, and ROI computed only on the 60% fund portion.

# Level ROI

- 1st Level 20% (condition free)
- 2nd Level 10%
- 3rd Level 5%
- 4th Level 3%
- 5th to 10th Level 2% each

## Qualification condition

To receive ROI level income, the user must achieve at least Entry rank (L1).

## How to read it

This income is separate from direct income, joining reward, ROI income, and the reward/salary rank plan

## Team depth

The 10-level structure means the plan extends through multiple levels of the active network.

# Salary Income

To Reach L4, You Must Directly Recruit 7 New Members, And Your Team Must Consist Of A Total Of 80 People. Only Then Will This Milestone Be Considered Complete. Subsequently, You Will Receive A One-time 'Level-up Income' Of 400 USD, Along With A Monthly Salary Income Of 500 USD.

# Rank And Reward

Level	Rank	Direct Requirement	Active Team	Reward	Monthly Salary
L1	Entry	1 active direct	1 active team	\$10	\$0
L2	Bronze	3 active direct	5 active team	\$100	\$100
L3	Silver	5 new active directs	25 active team	\$200	\$300
L4	Gold	7 new active directs	80 active team	\$400	\$500
L5	Platinum	10 new active directs	300 active team	\$600	\$1,000

## Bronze Example

3 active directs + 5 active team = \$100 one-time reward + \$100 monthly salary.

## Gold Example

7 new active directs + 80 active team = \$400 reward + \$500 monthly salary.

## Salary Rule

Once the next rank is achieved, the old salary holds and the new rank salary starts.

# Rank And Reward

Level	Rank	Direct Requirement	Active Team	Reward	Monthly Salary
L6	Diamond	15 new active directs	1,000 active team	\$1,000	\$2,000
L7	Double Diamond	20 new active directs	3,000 active team	\$1,500	\$4,000
L8	Crown	30 new active directs	10,000 active team	\$3,000	\$6,000
L9	Royal Ambassador	40 new active directs	30,000 active team	\$6,000	\$8,000
L10	Global Partner	50 new active directs	80,000 active team	\$8,000	\$10,000

## Scaling logic

From L3 onward, the direct condition is treated as new active directs as per the handwritten plan notes.
